**PRELIMINARY AMENDMENT AND SUBMISSION OF DECLARATION UNDER 37
C.F.R. § 1.132 BY TOD BEDILION FILED WITH CONTINUED PROSECUTION
APPLICATION (CPA) REQUEST UNDER 37 CFR 1.53(d)**

Sir:

This Preliminary Amendment is filed with a CONTINUED PROSECUTION APPLICATION (CPA) REQUEST, which is filed following the Final Office Action dated September 12, 2002. This Continuing Prosecution Application under 37 CFR 1.53(d) is being filed in lieu of a Response to Final Office Action.

The Preliminary Amendment is being filed to present clear and convincing evidence of the utility of the instant invention as well as arguments to overcome the other rejections set forth in the Final Office Action of September 12, 2002. This paper provides arguments in support of the patentability of the instant claims. Also submitted herewith is a Declaration of Tod Bedilion which provides additional evidence supporting the patentability of the claimed subject matter. Applicants request reconsideration of the subject application in view of the following remarks.
